## The Altar

The altar is a personal space where we create a connection with the Divine. Not only it is a place for worship, it's a focal point for Magical energies and a physical representation of the link to the spiritual world.

### Rule #1 of your Pagan Altar

The most important thing is that you feel free to decorate, explore, re-arrange, and above all, have fun when creating your altar, which is a never-ending process. Your altar is unique to you and nobody else can tell you what is right or wrong about it.

Before adding any new item to your altar, learn about its meaning. Ask yourself why you like it and how you can use it. An altar contains items that are personally meaningful.
